What is the Practitioner Directory?

OCHN's Professional/Practitioner Directory captures all our networks master's level clinicians and prescribers who are credentialed. You can search this directory in several ways. You can search by the network provider in which a practitioner/professional is directly employed, by gender, by their discipline/provider type (ie. works with adults or children, works with individuals who have an intellectual or developmental disability etc). You can search a practitioner's specialty, if they are accepting new individuals, by the languages they speak or by city.

On the directory home page, which can be reached here

<https://oaklandchn.org/194/Provider-Directory> , you will select 'Click Here to View OCHN's Provider Directory'.

The screenshot shows the Oakland Community Health Network website. The top navigation bar includes contact information (Immediate Help: 800-231-1127 | Emergencies: 911 | Services: 248-464-6363) and social media links. The main navigation menu includes 'About Us', 'How Do I...', 'Persons Served', 'Resources', and 'Recipient Rights'. A search bar is located on the right. The 'Resources' menu is expanded, showing a list of categories including 'Access Services', 'Coronavirus Information', 'Direct Support Professionals (DSP) Resources', 'Emergency Preparedness', 'Home & Community Based Services Rules', 'Impacts of Social Media', 'Local Resources', 'Provider Directory', and 'Service Information'. The main content area displays the 'Provider Directory' page, which includes a breadcrumb trail (Home > Resources > Provider Directory), a search bar, and a list of resources.
